## GREAT TENNIS STRUGGLE

W. C. CHOY LOSES  
AT WIMBLEDON

London, June 23.

W. C. Choy, the Hong Kong player, was engaged in a marathon duel in the second round of the men's singles in the All-England Tennis Championships at Wimbledon to-day when he lost to R. Shaves, of England, after five sets. The score in Shaves's favour was 6-3, 1-6, 5-7, 7-5, 8-1.

It was a marathon match and lasted nearly two hours. Choy was uncertain in the first set but in the second he spotted his opponent's backhand weakness on which he hammered unmercifully.

In the third set, Shaves was leading 3-1 but the Chinese player rallied to take the lead at 5-4. Choy was serving well with good passing shots down the sidelines.

In the fourth set, Choy, leading 5-4, had match point but Shaves luckily won the set with two lucky netshots.

Shaves brought his backhand into working and led 5-0 in the final set. Choy was very tired but he made a great effort and twice saved match point.

NAKANO WINS

In another second round match, Nakano (Japan) defeated Quintavalle (Italy) by scores of 6-1, 6-3, 4-6, 6-4. It is not a spectacular baseline duel although the Japanese player hit hard with deep drives and sometimes allowed him to the net successfully. Nakano led 3-0 in the first set chiefly due to his stinging service and clever and clever placing on the Italian's weak backhand. In the second set, Nakano led 4-1 but missed opportunities due to his weak smashing. The Italian improved and obtained many points with forehand winners, drop shots and passing shots and pulled up to 3-4. In the final set, the Japanese netted several shots and was overdriving; his backhand weakened, and resulted in Quintavalle winning four games.

## AIR MAIL

Enquiries from the local offices of the Imperial Airways (Far East), Ltd., yesterday elicited the information that R.M.A. Delphinus has resumed her normal schedule and will leave for Penang as usual to-morrow morning. Asked if the unfavourable weather conditions experienced during the past few days would affect the service, the official replied in the negative.

Closing times for the mail will be found in the Post Office notices, given on page 16.

## ANTI-ROBBERIES CAMPAIGN

Questions By Hon.  
Mr. M.K. Lo

An assurance that Government was considering suggestions for dealing with the frequent occurrences of armed robberies, was given by the Hon. Mr. R. A. C. North (Colonial Secretary) at the meeting of the Legislative Council yesterday, in a reply to a number of questions by the Hon. Mr. M. K. Lo.

That extra police were posted in the more important localities of the Colony as available, was also revealed by the Colonial Secretary. However, a suggestion by the Mr. Lo that sufficient numbers of the police force be diverted from their traffic "and other comparatively less important duties" in an effort to break up the armed robbery gangs, was considered impracticable.

## TROOPING THE COLOUR: A BRILLIANT CEREMONY

Taking over the Colour.—The escort halted in position for the taking-over of the Colour at the brilliant ceremony of Trooping the Colour in celebration of the King's birthday on June 9. The trees and lake of St. James's Park provided a beautiful background for the picturesque pageant as seen at the point from which this view was taken.

## BRITISH LINKS IN THE PACIFIC Imperial Air Mail

### HOPES OF SHIPPING INTERESTS

The report of the Committee on Civil Air Communications to the Imperial Conference has, it is understood, advised the establishment of an Imperial mail service across the Pacific.

The first step will be a trans-Pacific service from Australia to New Zealand, leaving the service to Vancouver to a more uncertain future. An important link in the chain would depend on the United States Government being willing to permit landing at Honolulu on the first stage out from Canada. The projected route would from there be all-British, with landing-places at Christmas Island, Hull Island in the Phoenix group, and Fiji. From Fiji there could be three alternative routes to Sydney, Brisbane, and Noumea, capital of the French colony of New Caledonia.

The Dominions concerned feel that this is an important project, and are hoping that the United Kingdom will see its way to give financial assistance to the scheme.

## TRIBUTE TO DR. WELLINGTON

Colony's 'Official  
Thanks'

At the meeting of the Legislative Council yesterday, His Excellency the Officer Administering the Government, Mr. N. L. Smith, C.M.G., paid a warm tribute to the services rendered to the Colony by Dr. A. R. Wellington, C.M.G. He said:

Gentlemen.—Since the last meeting of this Council the Colony has lost, by retirement, "a distinguished public servant who in the brief space of eight years has accomplished more for its good

(Continued on Page 8.)

### THE SHIPPING QUESTION

Shipping interests earnestly hope that the delay in the production of the report on the trans-Pacific question will end in a decision to build two more ships for this service. The nervousness is due to a feeling that the subject has been allowed to drag on for a long time, and that further delay may end in the United States getting complete command of this Australian route. It is understood that the difficulties that exist are due to disagreement over the allocation of building costs and subsidies between the various interested members of the Commonwealth.

The Union Steamship Company of New Zealand at the end of last year withdrew the two ships that ran between Sydney and San Francisco. It is pointed out that the report of the Imperial Shipping Committee, which recommended the building of the two new liners, was issued in December, and it is now estimated that the cost of building them would amount to £1,000,000 more than if they had been undertaken a year ago.

## LINGNAN UNIVERSITY IMPRESSIVE ORATION BY GEN. WU TEH-CHEN

"You must under no circumstances think that the splendid education which you have thus far completed in this great University is mainly due to the efforts of your parents. You owe it to society, and nothing can be more ungrateful if you fail to discharge that debt honorably," said Governor Wu Teh-chen to a group of 87 graduates of Lingnan University in the course of an impressive address during the Commencement day proceedings.

After paying encomium to the great work Lingnan University had done in the cause of higher education, Governor Wu said that Commencement must not be taken to mean public recognition of completed education. Education meant,

## GOVERNMENT MARINE SURVEYOR TESTIFIES No Evidence Of Leakage Before Explosion Occurred DOJIMA MARU ENQUIRY

Giving evidence at the resumed inquest at the Central Magistracy yesterday into the death of a Chinese seaman who was one of the many victims who lost their lives as a result of an explosion on the O.S.K. steam launch Dojima Maru, at Queen's Statue Pier on the night of May 17, Mr. W. A. Butterfield, Superintendent Engineer of the Asiatic Petroleum Company, was recalled to correct a statement which he made in his evidence given at the previous hearing.

Mr. Butterfield stated that at the last hearing he mentioned that the 1911 plate was 20.88 tons but the correct weight was 15.9 tons.

Replying to the jury as to whether pressure at 120 lbs. per square inch, say 110 lbs., would throw a body of 150 lbs. onto the roof of a building in Des Voeux Road, Mr. Butterfield stated it was quite possible.

His Worship: From your experience in the Colony could you say that it was possible to obtain high class boiler plates at the time the launch was built—I have no knowledge on that.

A special jury comprising Messrs. L. C. F. Bellamy (Foreman), W. E. Stanton and M. H. Lo, is hearing the issue.

Mr. J. T. Prior of Messrs. Wilkinson and Crist holds a watching brief on behalf of the Osaka Shosen Kaisha, while Mr. O. E. C. Marton, of Messrs. Deacons, represents the Hong Kong and Whampoa Dock Company, Limited. Acting Inspector Hopkins, and Det. Sergt. F. Estall are present for the police.

At the conclusion of the evidence of Mr. Butterfield, Mr. T. E. Jackson, Government Marine Surveyor, was called.

## JAPAN AND BRITAIN

### WHAT'S DOING?

Beyond the admission that conversations of a general kind between the British and Japanese Governments have been proceeding in London there has been unusual silence on the subject.

This silence may or may not represent the importance of the conversations, but it compares a little strangely with the freedom with which they have been discussed in the Japanese press quite recently.

The "Osaka Mainichi," for instance, in its issue of May 21, announces with confidence that Mr. Sato, Foreign Minister in the late Government, had ordered the Japanese Ambassador in London to end the preliminary discussions and "to initiate formal negotiations soon after the Coronation."

If this is true, as seems probable, it is the first that has been heard of it outside Japan.

The paper goes on, with rather less confidence, to give the instructions to the Japanese Ambassador for these "formal negotiations." It is to be "an entente cordiale for Anglo-Japanese co-operation in China."

Japan is ready to acknowledge the British position in Central and South China, while Britain will be asked to recognize the "fait accompli" of Manchukuo independence and Japan's special interests in North China.

This, of course, is just what one might expect and fear, and it is (Continued on Back Page.)

## Pasteurization Of Milk

That Government did not as yet propose to consult the recently appointed Nutrition Committee on the subject of pasteurization of milk was contained in a reply made by the Hon. Mr. R. A. C. North, Colonial Secretary, yesterday at the meeting of the Legislative Council, to a question by the Hon. Mr. M. K. Lo.

No assurance was given that Government would postpone taking any further steps in regard to the compulsory pasteurization of milk pending the decision of the Home Government.

Hon. Mr. M. K. Lo asked:

With reference to the question of compulsory pasteurization of milk:—

1. Has Government's attention been drawn to a debate which

took place in the House of Lords on April 27, as reported by "The Times" of April 28, 1937, on the Poole Corporation Bill, which originally contained a clause relating to pasteurization of milk?

The answer is in the affirmative.

## NO APPROVAL YET

Q: Will the Government obtain copies of the report of the Committee referred to by Viscount Halifax in the above quotations for the consideration of members of this Council before this Council is called upon to pass and confirm the recent amendment of the bye-law made by the Urban Council in regard to compulsory pasteurization?

## MORE MONEY NEEDED

Supplementary Vote Asked For

First reading of a bill to authorise the appropriation of a supplementary sum of \$782,310.08 to defray the charges for the year 1936, was moved by the Hon. Mr. W. J. Carrie (Acting Colonial Treasurer) yesterday at the meeting of the Legislative Council.

Mr. Carrie said:—Copies of the detailed Statement of Expenditure and of the Report on the Finances of the Colony for the year, 1936 have already been furnished to Honourable Members. Wherever there has been an excess over the estimated and appropriated sum a full explanation has from time to time been given and these extra appropriations have received the approval of Finance Committee and of this Council in the usual way.

The sum of \$782,310.08 represents the total of the supplementary appropriation required, no deduction being made for under-expenditure in other Departments and on other heads of the Estimates. In fact, however, there were large savings on many sub-heads so that the total expenditure was actually \$84,628 less than the estimate.

Ordinary expenditure during 1936 amounted to \$26,490,621 as compared with \$25,630,538 in 1935 an increase of just over \$1,430,000. The increase over the estimate of \$26,390,588 was, however, only \$70,033. Expenditure on Public Works Extraordinary amounted to \$3,052,900 being \$250,880 greater than in 1935 but \$154,660 less than the estimate.

Revenue for the year amounted to \$30,042,884 being \$1,612,434 over the sum collected in 1935 and \$3,371,139 in excess of the estimate. We had budgeted for a deficit of \$2,928,303 but this was eventually turned into a surplus of \$529,464. The reasons for this increase in revenue have been fully set out in the Report on the Finances of the Colony for the year 1936.

### EXCHANGE RATES

The rate of exchange adopted when compiling the Estimates of Expenditure for the year 1936 was 1s/8d to the Dollar. This seems almost fantastic at this date but I would remind Members that work of preparing the estimates commences in May each year and in May 1935 the dollar was as high as 2s/6d. Subsequent events falsified all these estimates and something drastic had to be done if the deficit already expected of nearly \$3 millions was not to become very much greater.

### LEVY ON SALAIRES

The first thing that was done was the Levy on the Salaries of all Government Officers. It is difficult to make an accurate estimate of the saving thus made but it was in the neighbourhood of \$1,150,000.

The most rigid economy was exercised in every department. Lower exchange naturally increased the sum required for Personal Emoluments in every department; the sum of \$11,457,821 was provided and \$11,779,501 was required, an increase of \$321,680. But for the Levy on Salaries, the increase would have been over \$1,450,000. The fact that we have to-day to supplement the total provision on only 19 out of the 34 Heads of Expenditure shows that considerable savings were made. Posts were kept vacant and the purchase of stores &c. kept as low as possible. \$4,103,941 was provided under Other Charges while \$3,742,853 was expended—a reduction of \$361,088.

I now move the first reading of a bill authorising the appropriation of a supplementary sum of \$782,310.08 to defray the charges for the year, 1936.

The Bill passed its first reading.

## MANUFACTURING COUNTERFEITS

An overseas Chinese, from the Dutch East Indies, Ying Man-mo, alias Lam Man-fan, aged 37, appeared before Mr. K. M. A. Barnett at the Kowloon Magistracy yesterday on two charges of possession of 928 pieces of counterfeit Hong Kong ten-cent pieces and four moulds for manufacturing the counterfeit. Defendant was arrested on June 13.

The case was remanded for 7 days by his Worship on the application of Detective Sgt. MacPherson.

## HEAVY DEFICIT AVERTED

Estate Duties Help Considerably

The local Government was saved from a heavy deficit last year thanks to large increases in practically every head of revenue and, as a result an estimated deficit of over \$4,000,000 became a surplus of \$529,464. This was revealed in the Colonial Treasurer's report which was tabled at the Legislative Council yesterday.

Revenue from duties was \$8,928,672, compared with the estimate of \$5,335,000 and 1935 actual revenue of \$5,173,837.

### ESTATE DUTIES

Two large estates totalling \$596,518 were chiefly responsible for the estimate of \$1,000,000 revenue from death duties being exceeded by \$352,890.

Revenue from the post office leapt from \$1,759,660 in 1935 to \$2,058,885, the increase being attributed to increased rates and air mail expansion.

While there were several unexpected increases in revenue as outlined above, there were also several not so welcome decreases.

### RAILWAY RECEIPTS

The closure of the gambling establishment at Shum Chun deprived the Kowloon Canton Railway of \$37,557 of its estimated passenger revenue of \$500,000, and was one of the reasons why total 1936 revenue was nearly two lakhs short of the 1935 total of \$1,411,674.

There were many drastic increases in taxation during the year. Import duties on liquors, champagnes and sparkling wines were forced and radio listeners were increased to pay an extra \$2 per annum for their licences. Even the rates for passports were increased.

The Colony's Excess of Assets over Liabilities at the end of the year was \$12,387,668. Almost \$10,000,000 of these Assets, however, had been advanced for the Public Works (Shing Mun, etc.), pending the issue of the remainder of the Dollar Loan.

## RECORD POST OFFICE TAKINGS

The Annual Report of the Postmaster General for 1936 discloses that a record revenue of \$1,380,823 was received last year. This compares with \$1,167,385 for the previous year.

For over half a century, the postal department has proved a gold mine to the Hong Kong Treasury, revenue generally exceeding expenditure by 300 per cent.

In the past ten years, for the expenditure of only \$4,191,559, the post office has paid into Hong Kong revenue the staggering total of \$10,925,122, all as it were, from the sale of a humble stamp.

A total of 14,702,495 stamps, denominations of which ranged from one cent to \$10, were sold during the year. Most popular stamp was the 5-cent, 5,825,516 of which were sold, compared with 4,999,613 last year. Despite the 1935 influence of special Silver Jubilee stamp sales, stamp revenue last year was \$1,338,749, compared with \$1,105,436 in 1935.

Stamps to the value of \$102,267 were sold in May, 1936 (Silver Jubilee month), but this figure was exceeded on no less than eight months last year.

## AN ALERT POLICE RESERVIST

But for the alertness of Mr. Mohamed Ahsan, a member of the Indian Company, Hong Kong Police Reserve, and supervisor in the General Post Office, an Indian Police Sergeant, B307, might have been the poorer by \$10 on Tuesday.

The sergeant was travelling in a westbound tramcar while Mr. Ahsan was walking along Queen's Road. Near the Naval Yard the latter looked towards the tram and noticed a Chinese paying close attention to the Sergeant. His suspicious aroused Mr. Ahsan, ran after the car and after a long run boarded the vehicle near the Parade ground. In the meantime he had three narrow escapes from being knocked down by motor cars.

While he finally boarded the tram Mr. Ahsan informed the sergeant of his suspicions and on looking into his pocket the latter found \$10 missing. The man was taken to the Police Station and when brought before Mr. K. Keen at the Central Magistracy yesterday he admitted the charge of larceny of the \$10. He was fined \$150 or three months' hard labour.

## URGENT NEED FOR MONEY

Drastic Cuts In All Departments

The Government's urgent need to raise \$318,527 over the estimates for Civil Service salaries, and \$477,745 over the estimates for Pensions, has resulted in very drastic slashings of needed Public Works expenditure.

Early this year it became evident that at least \$500,000 extra would be needed for 1936 salaries owing to the dollar rate.

By rigid economy the Government has succeeded in reducing this to \$318,527 above the estimated expenditure for personal emoluments.

The Draft Appropriation Account, for 1936, tabled at the Legislative Council yesterday disclosed that almost every vote for Public Works and Public Works Recurrent has been slashed.

The only increase in Public Works ordinary expenditure has been \$6,389 for a short wave wireless transmitter, \$1,704 for conveyance allowances and \$31,969 for salaries.

### ROADS AND COMMUNICATIONS

Roads and communications are likewise suffering, in order that Government can find the money for extra salaries and pensions.

Other curtailments, totalling over \$15,000, have been made on appropriations for maintenance of praya walls and piers, maintenance of public cemeteries, maintenance of public recreation grounds, dredging and survey.

Even after Government has effected savings amounting to \$97,974 by reductions in staff and lapsing salaries, the total salaries and pensions required in excess of original estimates amounts to \$796,272.

## INDIAN GUARDS IN TROUBLE

Two Indian Police Guards, Gajinder Singh, and Babu Singh, appeared on remand before Mr. K. M. A. Barnett at the Kowloon Magistracy yesterday on charges of (a) forging the name of Jawala Singh to a debit note with intent to defraud on May 25, and (b) receiving a sum of \$300 on May 25.

Two charges of a similar nature were also preferred against them involving the sum of \$130. Detective Inspector Carey, assisted by Divisional Inspector Russell prosecuted.

Evidence was given by Mr. M. G. Carruthers, sub-accountant of the Kowloon Branch of the Hong Kong and Shanghai Bank, who stated that just before noon on May 25, two Indians came into the bank and one signed the name of Jawala Singh for the sum of \$300. After having satisfied himself about the signature, he allowed first defendant, whom he recognised as the Indian who produced the note, to have the money.

Three days later the defendant and the same Indian came in again and this time drew \$130. On May 28, complainant, Jawala Singh, who had just been released from the hospital, came to report of his loss of his saving account book.

It was alleged by the prosecution that defendants, who had got hold of the account book, had forged complainant's name when he was in hospital and drew the total sum of \$430.

The case was then adjourned till to-day.

## DIVAN KEEPERS FINED

Chan Wing, aged 38, appeared before Mr. W. Schofield at the Central Magistracy yesterday morning on charges of (a) operating an opium divan at No. 40 Shing Street, and (b) with being in possession of prepared opium. Inspector Mottram prosecuted. His Worship fined the defendant \$125 or 7 weeks' imprisonment on the first charge and \$20 or 2 weeks' imprisonment on the second charge.

Yan Wai Ting, aged 30, also appeared on a charge of operating an opium divan at No. 77 Connaught Road West, and for being in possession of 11lb. and 2 taels of prepared opium. The prosecutor was Inspector Mottram. His Worship imposed a fine of \$150 or 8 weeks on the first charge and \$80 or 5 weeks on the second charge.

## REVENUE UP

Improved Financial Position

Indication of the healthy improvement of the Colony's financial position, was given yesterday at the Legislative Council, when the Hon. Mr. W. J. Carrie, the Acting Colonial Treasurer revealed that for the first six months of the current year, revenue exceeded by \$1,334,996 the amount collected for the similar period last year.

Mr. Carrie moved the following resolution:—

Resolved pursuant to sections 2 (3) and 3 (3) of the Hong Kong Government Service (Levy on Salaries) Ordinance, 1937, that the percentage deductions specified in section 2 (2) and 3 (2) of the said Ordinance be abandoned in respect of the months of July to December, inclusive, 1937, and said:

The Levy on Salaries Ordinance, No. 2 of 1937, provides that, in respect of the months of July to December inclusive, 1937, or of any of them, this Council may by resolution continue, reduce or abandon the percentage deductions specified in the Ordinance which have been in force since January this year.

As Honourable Members are aware the levy on salaries of all Government officers was originally imposed on January 1, 1936. The reasons for it and the savings effected by it last year are fully set out in paragraph 22 of the Report on the Finances for the year 1936 which is now in your hands.

At the time of framing the Estimates for 1937 the financial outlook was still obscure and it was found necessary to budget for a deficit of nearly 3½ million dollars. It was, therefore, decided with great reluctance, which was shared by the Secretary of State, that the levy should be continued at least for another six months, but in a slightly modified form, estimated to produce a saving of about \$450,000 per annum.

### POSITION IMPROVED

The financial position has considerably improved. At the end of the 24th week, that is nearly half way through the year, revenue has exceeded the proportionate fraction of the year's estimate by \$1,232,870, and is \$1,334,996 more than the revenue collected in the same period last year. Revenue is higher than it has been since the year 1933 and I see no reason to expect that this higher level will not be maintained. Even if the total expenditure is not less than the Estimate, and it frequently is, I do not expect that a serious deficit will emerge at the end of this year or that our balance of assets over liabilities will be greatly reduced.

The modified levy is now, as I have indicated, a comparatively unimportant factor in the Colony's expenditure and its continuance is felt to be a hindrance to the recruitment of new officers and a bad advertisement of the Colony's financial standing.

### RESOLUTION ADOPTED

Further so long as the levy continues it is not easy to justify any policy of expansion in public works, and such expansion is becoming urgently necessary.

It is not proposed to alter at present the special conversion rate for sterling salaries of \$16-21 as provided in section 2 (5) of the Ordinance which represents a saving at the present exchange rate of the dollar of about \$60,000 a year.

I now move the resolution standing in my name.

The Colonial Secretary seconded the resolution which was passed without dissent.

## HEROIN PILL CHARGE

Appearing on remand before Mr. K. M. A. Barnett at the Kowloon Magistracy yesterday, Lau Wah, aged 37, who was charged with possession of 1500 heroin pills and about 2 taels of prepared opium was fined a total sum of \$800 or six months' imprisonment.

Revenue Officer O'Neill who appeared to prosecute said that he raided the house (No. 224 Kee-lung Street) on information received on June 15, and found there was a tin containing \$3.20 beside the defendant who was apparently selling opium to the four men who were present.

## FAULTY SCALES CHARGES

Always Extra Sweets Thrown In!

At the Central Magistracy yesterday, a summons was heard by Mr. W. Schofield against the Sincere Company who were alleged to have used a scale which registered short-weight!

A representative who was present in Court pleaded guilty and explained that the scale in question was used only in the Sweets Department. A few extra sweets were always thrown in so that customers were not actually being defrauded.

In imposing a fine of \$20, Mr. Schofield ordered the scale to be returned to the defendants who were asked to have it adjusted and then tested by the Weights Authorities.

### ANOTHER CASE

A similar summons was brought against Messrs. On Lok Yuen and Mr. F. G. Nigel, who appeared for the defence, said that the scale was made by a reputable firm and they were tested fortnightly.

So long as the load was under four pounds, the scale registered correctly but beyond that it was faulty. A fine of \$10 was imposed and the scales were ordered to be confiscated.

## BILLS APPROVED

At the meeting of the Legislative Council yesterday, the Hon. Mr. R. A. C. North, Colonial Secretary, moved the following motion:

That the Report of the Finance Committee (No. 4), dated 26th May, 1937, be adopted. The motion was unanimously adopted.

## DESSERTS TO TOP A SUMMER MEAL

Utilize your electric refrigerator in the creation of delectable summer desserts. They are as healthful as they are satisfying and a favourite with children and adults alike.

### PISTACHIO PARFAIT

2/3 cup sweetened condensed milk.  
1 cup water.  
1 cup whipping cream.  
Green colouring.  
1 cup finely chopped pistachio nuts.  
1 egg white.  
1 tsp. almond extract.  
Thoroughly blend the condensed milk, cold water and almond extract. Whip the heavy cream to a custard-like consistency and fold into the mixture. Add the green colouring and chopped nut meats. Fold in the stiffly beaten egg white. Pour into a freezing pan and place in the freezing unit. After the mixture has frozen to a stiff mush (1 to 2 hours) remove from the refrigerator. Scrape the mixture from the sides and bottom of the pan. Beat 2 minutes. Smooth out and replace in the freezing unit for 1 hour or until frozen for serving. Serve with slightly sweetened whipped cream and pistachio nuts.

### CHERRY SURPRISE

1 pkg. cherry flavoured gelatine.  
1 1/2 cups hot water.  
1 cup condensed milk.  
1 1/2 cups diced cake.  
9 marshmallows, quartered.  
1 cup sweet cherries drained and quartered.  
Dissolve gelatine in hot water. Remove 1/2 cup gelatine and chill two mixtures separately. Chill smaller quantity until firm, then cut into dice. When large quantity begins to chill stir in milk. Fold in diced gelatine, marshmallows and cherries, also cake. Pour into wet mold and chill until firm. Decorate with extra cherries.

**PINEAPPLE-ORANGE PUDDING**  
1 pkg. orange flavoured gelatine.  
1 cup boiling water.

Orange sections free from membrane.  
1 cup orange juice.  
1 tsp. grated orange rind.  
1 cup shredded pineapple well drained.  
1 cup pineapple juice.

Dissolve the gelatine in the boiling water. Add fruit juices and grated orange rind and chill until the mixture begins to thicken and is a syrupy consistency. Remove from the refrigerator, place the bowl over ice water and beat with a rotary beater until foamy and thick. Add shredded pineapple and pour into individual molds or sherbet cups lined with orange sections. Chill until firm. Unmold and serve with soft custard or whipped cream. Flavour soft custard with almond extract or add teaspoon grated orange rind to whipped cream.

### CHOCOLATE DELIGHT

Beat the yolks of 6 eggs until thick, add slowly 1 cup powdered sugar, 2 squares chocolate, melted, vanilla to taste, a pinch of salt and two generous dashes of cinnamon. Beat the whites of the eggs until stiff and fold them into the chocolate mixture, mixing well but lightly. Chill the mixture overnight in the refrigerator and serve it piled in sherbet glasses.

### VANILLA ICE CREAM WITH CARAMEL SAUCE

Serve vanilla ice cream with the following sauce: Cook 2/3 cup light corn syrup, 1 1/2 cups brown sugar, 4 tablespoons butter, 1 cup evaporated milk in double boiler 45 minutes. It will appear curdled but when cooled and beaten 5 minutes it becomes smooth.

### EGG AND TOMATO PIE

Ingredients—1 lb tomatoes, a little grated onion, pepper, salt, and cheese.

Slice tomatoes and put in a pie dish, then sprinkle with grated onion. Season to taste with salt and pepper. Dab with butter. Cook in oven until tender, then break an egg on top for each person, sprinkle with cheese, and bake in the oven till the eggs are set.

## ALL MADE WITH EGGS

### GINGER OMELETTE

Take two eggs and beat them for a short time with a pinch of salt and one and a half dessertspoonful of ginger syrup. Cut up two or three lumps of preserved ginger into small pieces.

Make an omelette in the usual way, adding the cut-up ginger when the egg mixture is partly cooked.

This makes a delightful sweet for one or two persons.

### ALMOND AND RAISIN BATTER

Sieve 6 oz. flour with a pinch of salt. Beat in 3 eggs and 1 pint milk and beat for 10 minutes.

Heat 1 oz. butter in fireproof dish, making it quite hot. Chop 1 oz. blanched almonds. Add them with 4 oz. seedless raisins to the batter.

Pour into the hot dish and bake for 20 to 30 mins. Serve with Demerara sugar.

### LIGHT CHOCOLATE PUDDING

Five eggs, 4 lb. castor sugar, 3 oz. breadcrumbs, 1 lb. butter, 2 oz. ratafia crumbs, 2 oz. grated chocolate.

Butter a pudding mould. Beat butter and sugar to a cream. Stir in breadcrumbs, ratafia crumbs and grated chocolate alternately with beaten egg yolks. Beat well.

Whisk egg whites to a stiff froth and fold into mixture. Pour into basin, cover with a buttered paper and steam for 1 1/2 hours. Turn out on to a hot dish; serve with whipped cream or custard.

### PASSION FRUIT CURD

Here is an Australian recipe: 1 lb. butter; 8 new-laid eggs; 1 lb. loaf sugar; juice and pulp of 3 lbs. passion fruit.

Stir all together and cook till thick in double saucepan.

## SAVOURY CUSTARDS

Four eggs, 1 gill of cream, 1 gill strong, well-flavoured white stock, chopped chive, one small shallot, two tablespoonfuls finely minced cooked ham or tongue.

Beat eggs well. Add cream, stock, chive and shallot. Season with a little black pepper. Add the ham or tongue. Mix well.

Pour mixture into small, well-buttered moulds and steam for 10 minutes.

Turn out on to a hot dish, and garnish with little heaps of French beans and young carrots.

### TASTY PATTIES

Make a good buttery short pastry. Roll out thinly and line some round patty pans about one inch deep. Bake lightly for about 10 minutes.

While they are cooking prepare filling. Shred some mushrooms and fry in plenty of butter. Season well with salt and pepper. Put a layer of mushrooms and butter into each pastry case.

Carefully break sufficient eggs into a basin, and with a spoon place one unbroken yolk in centre of each tart. Beat up whites till very stiff and pour round yolks.

Bake about 10 minutes till egg is just set. Sprinkle with a little red pepper and serve quickly.

## IN SEASON THIS WEEK

It was interesting to read last Saturday (through the courtesy of E.R.E., a local correspondent) of Malayan pineapples. The description given makes us wonder if a large yellow pineapple purchased the other day in one of the big shops could have been a Malayan one. We agree with E.R.E. that it is better to buy fruit from an adjacent British Colony, in preference to shipping them a long distance, from some remote spot.

As regards local fruit, mangoes seem to have taken on a new lease of life. Everywhere this week, even on the little street-corner booths there are lovely mangoes on sale at anything from twelve cents upwards. Very big and sweet and juicy, they are excellent for dessert. Litchies too are going strong, and are big and full of juice. Taken with early tea they are much more refreshing than the usual banana.

With regard to local vegetables, what can be better than brassica. Very cheap it is often regarded with scorn by "Boys" (who prefer Mistle to get something more expensive) but as far as flavour is concerned there is nothing nicer. Brassica should be well steamed until it is very tender. It should then be strained and cut up, with a knife and fork into small squares. It should not be mashed or sieved like spinach just the merest suspicion of pepper should be dusted over, as this brings out the full flavour of juicy white stalk and succulent leaves.

Try it with roast beef, or beefsteak, but not with lamb or mutton.

### RICH FRUIT CAKE

Sift twelve ounces of flour with a quarter of a teaspoonful of salt, two good teaspoonfuls of baking powder, and half a teaspoonful of cinnamon; put in a warm place to dry. Cream together half a pound of butter and six ounces of castor sugar. Beat in three eggs, one at a time, alternately with a little of the flour. When thoroughly beaten, add the rest of the flour, with two or three tablespoonfuls of milk to make a fairly soft mixture. Next, stir in two ounces each of currants and quartered glacé cherries; four ounces each of sultanas and chopped raisins, two ounces each of chopped candied lemon and orange peel, and one ounce of chopped blanched almonds. Line a two-pound or two one-pound loaf tins with three thicknesses of greased paper, half fill with the mixture, and bake in a moderate oven. One large cake will take about two hours to bake and two small ones about an hour and a half. Cook slowly after the first half hour, covering with a piece of paper if the oven has much top heat.

## JAPAN'S NEW BID European Products Challenged

Thousands of samples of high class Japanese goods, manufactured in Osaka, the biggest industrial centre of Japan, which is commonly known as the "Manchester of the East," will be on Singapore, shortly.

The exhibition is in the nature of a publicity campaign for Japanese exporters, who, realising that the reputation of Japanese imports into Malaya is falling off due to the cheap quality of the goods sent here, are making a strong bid to find new customers for the more expensive and high class goods in British Malaya.

**BIG AMOUNT OF TRADE**  
Osaka has a very large trade with Malaya, Siam and the Dutch East Indies, and more than one third of the goods imported into Malaya from Japan come from this leading industrial centre.

Japanese exporters it is held made one big mistake however, and that was their failure to export a better class of goods than those of the cheap quality which actually were sent here.

The result was that though Japanese goods found a ready market in Malaya, a market which is steadily expanding yearly, local dealers have been unable to put a really high class product on the market to compete with European and other foreign products.

**NEW STANDARD SOUGHT**  
Realising this, and having in mind the fact that unless they are

## GEN. LU CHUNG LIN

Peiping, June 22.

General Lu Chung-lin, a close follower and former subordinate of General Feng Yu-hsiang, arrived back in Peiping after an absence of about two weeks. He is believed to have been instructed by Nan-king to keep in close touch with Hopen-Chahar officials until General Sung Che-yuan returns from Shantung.

Both General Feng, who is vice-chairman of the National Military Council, and General Lu, a councillor of the Military Advisory Council, have recently attempted to confer with General Sung, but have failed. The Northern leaders are remaining in Lohling despite appeals from Peiping officials to return to his post.

General Lu is said to be determined to remain here until General Sung returns to receive the instructions transmitted by Nan-king—*Union News*.

able to put a high quality product on the market which will still be competitive in price with foreign products, the Osaka Municipality and the Osaka Chamber of Commerce and Industry have organised the sample fair in the hope of finding new buyers in Malaya, and besides setting up a new standard for Japanese goods; to extend the existing market and increase the profits.

The fair will be in charge of Mr. T. Fujitaka, a member of the Chamber of Commerce and Industry, Osaka, who will accept orders from local dealers in advance.

A large and varied collection of samples will be on display, these including bicycles, soap, fountain pens, cotton piece goods, artificial

## MR. BALDWIN'S SPEECHES

To Be Published In Book Form

A volume of Mr. Baldwin's speeches since the 1935 General Election, and including his now famous address to the Youth of the Empire at the Albert Hall, is to appear under the title, "Service Of Our Lives."

It will be published in the near future by Messrs. Hodder and Stoughton, Ltd., and covering the period of the present Parliament, will complete the record of the Prime Minister's chief public utterances as a National leader.

Mr. Baldwin's last book of speeches, "This Torch of Freedom," ended at the point where this latest book begins. The little which has been chosen for the book is taken from the concluding passages of the Premier's broadcast on Coronation Day, in which he said:

"Let us dedicate ourselves afresh, if need be, to the service of our fellows, a service in widening circles—service to the home, to our neighbourhood, to our country, to our province, to our country, to the Empire, and to the world."

"No more service of our lips. Service of our lives, as we know will be the service of our King and Queen. God Bless Them."

Books, pens and pencils, and local dealers interested in Japanese merchandise should find a lot to interest them.

## DISCUSSION IN COMMONS

**No Naval Demonstration**  
London, June 22.  
Mr. Anthony Eden, Foreign Secretary announced in the House of Commons to-day that Britain had no intention of joining in any naval demonstrations off Valencia in connection with the Leipzig incident.

He was of the opinion that the principal cause of the unsatisfactory situation in Spain was the presence of non-Spanish nationals among the combatants. The Government had placed its services at the disposal of the Non-Intervention Committee in order to expedite the withdrawal of foreign combatants.

**INCREASING SECURITY**  
It is understood that negotiations between Britain, France, Germany and Italy regarding the Leipzig incident have been broken off. A Foreign Office "communique" states that at to-day's meeting of the Powers it was unfortunately found impossible to reach an agreement on the measures which should be adopted. On the one hand it was considered that while proposals should be examined frankly for increasing the security of ships of the four Powers which are on patrol duty, an enquiry into the circumstances of "incidents" should precede any steps to be directed against the Spanish party involved. On the other hand the facts are regarded as being clearly established, and the incident considered to require immediate active steps in order to maintain the solidarity of the Powers and to forestall the recurrence of any such incidents.

**NO AGREEMENT**  
The proposal, on which no agreement could be reached, was that an immediate naval demonstration, showing the flags of the four Powers, should be held off the coast of Valencia.  
It is understood that Britain and France wished for an enquiry, while Germany and Italy desired immediate proof of the solidarity of the four Powers.  
Failure to reach an agreement creates a new situation the exact nature of which will depend on whatever unilateral action Germany decides to take. It is hoped that this will not involve the denunciation of the Four-Power Agreement.  
It is pointed out that although in this instance consultations have failed, the machinery established by the June 12 agreement will still hold good in regard to future incidents.

### Pharaoh's Bone To Be Tried By Jury

Sir Alexander Seton's Pharaoh's bone, which is alleged to have wrecked furniture and glassware in his Edinburgh home and which a few weeks ago exploded and smashed to smithereens the glass case in which it was kept, is to be tried by jury in Edinburgh.

The trial, which will take place in the Central Hall, has been organised by the Modern Educational Thought Movement, and three charges will be preferred against the bone.

They are:—(1) That it has no mysterious powers as alleged, and is therefore not capable of producing phenomena; (2) that the phenomena alleged to be carried out by the bone are mere hallucinations of those who witnessed the incident; and (3) that the

various instances of "mystic science" attributed to its alleged powers are only coincidences and not in any way abnormal.

A FAIR TRIAL  
At the trial 12 members of the public are to be selected as jurors, and Sir Alexander told a "Bulletin" reporter that he would cross-question every juror chosen.

"This is going to be a fair trial," he said, "and I am taking no chances on a biased jury."  
Sir Alexander will personally defend the honour of his bone, and intends to produce witnesses to prove the truth of the mysterious powers with which the bone is said to be possessed.

The proceeds from the trial are to be devoted to charity.

### DANGEROUS NUMBERS

Marital quarrels at the rate of one a minute, a marriage "the legality of which is complicated by daylight saving time, chases with gangsters, and mysterious meetings with a beautiful chambermaid, with romances rampant in spite of all, are highlights in the screen's latest mirthquake. "Dangerous Number," which opens to-day at the King's Theatre.

The heroine and hero quarrel, make up, quarrel again, get in trouble with the police. Metro-Goldwyn-Mayer's latest melange of mirth features Robert Young as the business man bridegroom, and Ann Sothern as the actress bride who keeps him in constant hot water.

Death takes a postman's holiday in "The Great Hospital Mystery" and stalks the morgue and corridors of a great hospital to invoke the year's most baffling clue-hunt—for who would shoot a dead man? In this tetcher-stricken setting, thrills, chills and hilarity pace side by side to a super-surprise climax as a nitwit nurse turns mystery into hysteria in the Twentieth Century-Fox thriller which opens at the Alhambra Theatre to-day.

### SING, BABY, SING!

Nobody will be able to complain that "Sing, Baby, Sing," the musical special coming to the Oriental Theatre to-morrow and Saturday is limited in scope. Mr. Menjou, incidentally, upsets a personal tradition of fastidiousness by roaming around in a nightie, in a sequence which adds nothing to his reputation as one of the world's best-dressed men.

"Hell Below," the sensational submarine adventure film, comes to the Majestic Theatre giving local filmgoers a chance to view what is said to be the most thrilling marine spectacle ever to reach the talkies.

Robert Montgomery heads the cast of "Hell Below" in what critics concede to be the outstanding role of his career. As the young lieutenant who falls hopelessly in love with a woman already married, he is precipitated into a stirring series of occurrences in which he disobeys the orders of his submarine commander in an effort to save his friend adrift at sea and target for the guns of a squadron of airplanes. He is dishonourably dismissed from the service after unwittingly causing the entire crew a narrow escape from a horrible death at the bottom of the ocean.

Love goes on a laugh spree in "Sing, Baby, Sing," new Twentieth Century-Fox melange of melody, merriment and romance. Above (left to right) ADOLPHE MENJOU, ALICE FAYE and MICHAEL WHALEN in one of the hectic highlights of the film.

Showing at the Oriental Theatre on Friday and Saturday.

### SAVED LIFE OF DUKE OF CONNAUGHT

Incident Of 65 Years Ago Recalled

Reference to an occasion when the Duke of Connaught and Major-General Sir Ronald Lane were nearly drowned while bathing, is made in the latter's will, proved recently at Somerset House.

The Duke of Connaught, states a "Bournemouth Correspondent" the Duke is staying at Bournemouth remembers the incident well. When "his equerry Captain

His Majesty wore the uniform of Admiral of the Fleet, and drove from Buckingham Palace in a closed car, cheered by dense crowds.

Fitzroy Fyers, reminded him of it, he recalled its details clearly, although it happened some 65 years ago.

The Duke and Sir Ronald Lane were bathing at Trouville, where there is a strong current. Usually a boatman was on duty, but on this occasion he was not there.

The Duke got into difficulties, and was carried away. He battled against the current, but became nearly exhausted.

Sir Ronald, who was a strong swimmer, went to the Duke's aid, and reached him in time, bringing him to safety in an exhausted condition.

Queen Victoria, in recognition of his assistance to her son, presented to Sir Ronald Lane a coral pin, which now devolves as an heirloom. Sir Ronald Lane, who was formerly in the Rifle Brigade, left gross estate amounting to £35,982, with net personality £23,826.

His Majesty's sword, given to him by the Duke of Connaught, and other gifts from royalty are also bequeathed as heirlooms.

He gave £500 to the Rifleman's Aid Society, and £200 to the Albert Orphan Asylum, Bagshot, Surrey.

## THE LEIPZIG INCIDENT

Another Meeting:  
No Agreement

London, June 22.

A communique issued this evening states that a further meeting to consider the incidents in which the German cruiser, Leipzig, was involved was held at the Foreign Office on June 22 between the Foreign Secretary and the French, German and Italian ambassadors.

It was unfortunately found impossible to reach an agreement on the measures which should be adopted in this case. It was considered, on the one hand that while the proposals should be jointly examined for increasing the security of ships of the four Powers on patrol, inquiry into the circumstances of the incidents should precede and steps directed against the Spanish party involved.

### FACTS ESTABLISHED

On the other hand the facts were regarded as being clearly established and the incidents were considered to require immediate active steps in order to maintain the solidity of power and to forestall a recurrence of such incidents. The proposal on which the agreement could not be reached was that immediate naval demonstrations, showing the flag of four powers should be held off the coast of Valencia.

### NOT WORKING SMOOTHLY

The communique shows that the machinery provided by the agreement of June 12, has not worked in this case to produce a satisfactory solution but the machinery continues in existence so long as the agreement is not repudiated and it may be assumed that in the event of any further incident, in which His Majesty's Government were concerned, they would invoke this machinery.

## EVACUATION OF BASQUE REFUGEES

London, June 22.

The Prime Minister answered a Commons question to-day on the evacuation of Basque refugees. He explained the difficulties arising from the absence, since the end of last week, of conditions on which British naval protection had previously been given to refugee ships, namely that the assurance was carried out.

In the altered circumstances the Government were considering the possibility of other measures with a view to supervising the character of the evacuations. In addition they were communicating with the French Government, with a view to arranging a system of joint control at ports of arrival in France. Meantime instructions were being sent to the naval authorities on the north coast of Spain to continue with the protection of refugees, British and others proceeding to France.

Mr. Neville Chamberlain referred to the suggestion sponsored in Commons yesterday by Mr. Lloyd George that Basque women and children should be evacuated through France to Barcelona and Valencia. The Government had consulted the French Government and received a favourable reply from them on this proposal, and if the refugees themselves wished to go in this way the British navy would give protection to such a scheme.

## SITUATION IN SPAIN

Dissatisfaction In  
Britain

London, June 22.

In a statement at Commons question time, the Foreign Secretary recalled Lord Plymouth's observations at yesterday's meeting of the Non-Intervention Committee to the effect that His Majesty's Government were most dissatisfied at the present state of affairs which, in their view, could not be allowed to continue if the existence of the Non-Intervention Committee were to be justified. Mr. Eden continued that "in the view of His Majesty's Government, the principal cause of the present unsatisfactory state of affairs is the presence of non-Spanish nationalities in Spain. The House is aware that the Committee have before them a report which provides a plan for the withdrawal of these foreigners, but inevitably some time must elapse before such a plan can be put into effect."

### WITHDRAWALS DESIRED

"His Majesty's Government have, therefore, offered to place their services at the disposal of the Committee in order to facilitate and to hasten the early withdrawals of foreign combatants which they desire should take place without any further delay."

"I am not able, at present, to give further details of these proposals which are under consideration by Governments who are parties to the agreement."

The Foreign Secretary also referred to the Four-Power discussions on the cruiser Leipzig incident and the Opposition leader questioned him on the rumours regarding the proposals for a joint naval demonstration.

### NO DEMONSTRATIONS

Mr. Eden thanked Major Attlee for raising this point and said, "I can say definitely His Majesty's Government have no intention of joining in any naval demonstration off Valencia."

Major Attlee then urged that the Non-Intervention agreement had broken down and suggested "reference of the Spanish situation to the League of Nations. Mr. Eden said, "It is clear the agreement is not working as we should wish it to work, but this is an agreement to which every nation in Europe has put its name, and consequently we have gravely to consider the position which confronts us."

## AN ANIMATED DISCUSSION

Talks In International  
Labour Office

Geneva, June 22.

A joint resolution submitted by the Belgian, Indian, Chinese and Japanese workers' delegates, in favour of application of a uniform system of protection for the workers of China, whether their undertakings were situated in foreign concessions or not, gave rise to an animated discussion at the International Labour Office to-day before it was carried unanimously.

The Japanese employers' adviser, Mr. Kawaguchi, read a telegram from the Japanese Mill Owners' Association in China claiming that employment conditions were better in the concessions than in the rest of China. He contended that Chinese factory law was not really observed in Chinese factories because it was too idealistic.

The representative of the Chinese workers, Mr. Yao, said that if the intensive industrialisation of China proceeded and unfair conditions were allowed to persist, fair competition would be greatly impaired and serious economic repercussions would ensue.

China's Government spokesman refuted some of the contentions of Mr. Kawaguchi. The Japanese adviser had said that it was notable that wages in the concessions were 10 per cent. higher. On the contrary, the Chinese spokesman said, Chinese workers averaged 39 per cent. more outside the concessions.

The French spokesman said his Government was ready to apply any progressive legislation if it were applied equally throughout China.

The suggestion that a 40-hour week for all industry be made general was placed on the agenda for the next Labour Conference, the delegates voting 66 to 39 in favour of the move.

## AFTERMATH OF THE TYPHOON

## Summary Court Action

Before the Pulane Judge, Mr. Justice R. B. Lindsell, in the Summary Court yesterday, Mr. H. A. Castro, of Messrs. Loxley and Company, brought a claim for \$859 for damages to property against his former landlord, Mr. Wong Ping-suen, proprietor of the P. and O. Steam Navigation Company.

The plaintiff was represented by Mr. M. A. da Silva, while the Hon. Mr. M. K. Lo appeared on behalf of the defendant who brought a counter-claim against the plaintiff for \$285, being three months' rent, including one month's rent in lieu of notice.

The plaintiff stated in his claim, which was made up of damage to clothing, blankets, children's beds, school books, one baby grand piano and furniture, breakage of crockery, electrical fittings, removal expenses and surveyor's fees, that he rented No. 14 Essex Crescent, Kowloon Tong, upon the terms that defendant should keep the roofs and outer walls of the premises in a proper tenable state of repair. He alleged that defendant had not kept the roofs in a proper state of repair, in spite of repeated requests on his part, urging defendant to do so.

## ROOF BLOWN OFF

Arising out of the typhoon on the morning of August 17 last year, a considerable portion of the roof of the premises in question was blown away, as a result of which the ceilings of two eastern rooms on the upper floor collapsed, causing considerable damage to plaintiff's property.

## LUCKY ESCAPE

In the course of his evidence plaintiff said that about 2 a.m. on August 17, in the midst of a typhoon and heavy rain, the east corner of the roof was blown off, shortly after which, the rest of that side of the roof caved in, but fortunately after he had his family had gone downstairs. The heavy rain poured down and flooded the whole house.

The following day plaintiff informed defendant and his son about the damage but they did not go to inspect the house. On August 19, witness saw defendant personally, telling him that he and his family had been living like rats in the house, and at the same time informing defendant that he would vacate the premises. In confirmation of this witness wrote a letter to defendant on his return to the office, and two or three days later he moved away from the house.

After further evidence was given the case was adjourned until July 7, at 2.30 p.m.

## FORTHCOMING GARDEN FETE

The fourth annual garden fete of Christ Church, Kowloon Tong, will be held on Saturday, October 30.

The venue of the fete has not yet been decided upon. The ground outside the Church, building at Waterloo Road were considered, but were found to be unsuitable in its present condition.

probate of the will of the deceased had been granted.

Local estate sworn under \$3,100 was left by the late Wan Ki, alias Wan Shui, alias Joe-Kee, who died intestate at the age of 62 at Ching Cho Kong, Ha Lam Tong Village, on December 20, 1936. A petition by Wan Li Shi, widow, of the same address, at present residing at No. 23 Ice House Street, second floor, for grant of letters of administration to the estate of the deceased has been granted.

Local estate to the value of \$200 was left by the late Li Mui Sang, alias Li Shi Yuen, merchant, who died intestate at the age of 47 at Shui Ping Village, on November 10, 1894. A petition by Li Yik Jun, of the same address, for grant of letters of administration to the estate of the deceased has been granted.

## ANTI-ROBBERIES CAMPAIGN

(Continued from Page 1.)

The Hon. Mr. Lo Man-kam, pursuant to notice asked:—

Q: Within the last 12 months how many armed robberies have taken place?

(a) On the Island?  
(b) In Kowloon and the Peninsula?

A: The figures for the twelve months from the 1st June, 1936, to the 31st May, 1937, are:  
(a) On Hong Kong Island, 8.  
(b) In the remainder of the Colony, 44.

Q: Is it a fact that there have been frequent armed robberies of Chinese goldsmiths shops?

A: There have been seven such cases during the period already referred to.

Q: Is it a fact that the last three recent robberies all occurred within the period of a few days?

A: On the 26th May an armed robbery occurred in Queen's Road, East, and on the 1st June two such robberies occurred in Wellington Street and in Yuen Long respectively.

## CLOSING TIMES

Q: Is it a fact that Chinese goldsmiths shops have been advised by the Police Authorities to close before their customary closing time, in order to minimise the risk of armed robbery?

A: The Inspector General of Police suggested to certain Chinese goldsmiths who made representations to him in April last that during the Coronation celebrations they should close their establishments at 8 p.m. instead of the usual hour of 8 p.m.

Q: Is Government aware that the frequent occurrence of armed robberies, and the circumstances under which they have taken place, have caused anxiety and uneasiness to the community?

A: Government is fully aware of this, and is now considering sug-

gations for dealing with this outbreak of crime.

## SHOPS TOO SCATTERED

Q: Pending the breaking up of the armed robbery gangs, and the restoration of reasonable security from armed robbers in the Colony, can sufficient numbers of the Police Force be diverted from their traffic and/or other comparatively less important duties, such as the control and prosecution of hawkers, so as to enable a greater number being available for continuous patrol, and so that at least one member may become available to be stationed at the end of each street in which there are goldsmiths and other shops which appear to have a special attraction to armed robbers?

A: In view of the fact that goldsmiths and other shops of this nature are widely scattered over the Colony, the suggestion is not considered "practicable." Extra police are, however, posted in the more important localities temporarily as available.

## Look at Your Skin

Skin Specialists declare that 80 out of every 100 women suffer from skin outbreaks, spots, pimples, blotches, and 'muddy' complexions UNNECESSARILY!

Ugly complexion faults are woman's most common enemy. Few escape. Some resort to heavy powdering in an effort to hide them. While others, due to consistent wrong treatment, cause the skin to become highly sensitive, coarse and blemished.

To make your skin clear and healthy, your complexion fresh and smooth, use Cuticura.

Cleanse the skin with Cuticura Soap twice a day. Its luxuriant and mildly antiseptic lather is soothing and softening; washes away pore-deep dirt which causes blackheads, enlarged pores and ugly complexion defects. And to rid the

skin of pimples, skin outbreaks, rashes or irritations use Cuticura Ointment direct on the affected part before washing with the soap. Its antiseptic action kills germs, soothes and heals and quickly clears the skin.

Try Cuticura to-day. See how soon your skin improves, your complexion becomes smoother, more attractive than ever before.

**Cuticura**  
For Clear Healthy Skin

Sold by all Chemists and Stores. Ask for Cuticura Soap and Cuticura Ointment. And for powder use Cuticura Talcum—exceptionally fine and pure, exquisitely perfumed.

### SHIPPING FIRMS FINED

Mr. D. H. White appeared before  
Mr. W. Schofield at the Central  
Magistracy yesterday on behalf of  
the Agent of the s.s. Hupeh, who  
was summoned for failing to submit  
a correct passenger list to the  
I.G.P. when the vessel left the  
Colony on May 14.

The prosecuting officer stated  
that three aliens other than  
Chinese informed the police that  
they were leaving the Colony by  
the s.s. Hupeh on May 14, and  
their names were omitted from  
the passenger list sent to the  
I.G.P. The company was informed  
of this but they said they knew  
nothing of the bookings of the

three passengers. Later they  
sent another letter stating that  
the comrade of the ship could  
not recognise the passengers, as  
Japanese as they were dressed in  
European clothes, and looked like  
Chinese. His Worship imposed a  
fine of \$10.

A similar fine was imposed on  
the O.S.K. for failing to submit a  
correct passengers list to the I.G.P.  
when their vessel, the Fukuen  
Maru left the Colony on June 2.

A passenger notified the police  
that he was sailing for Keelung on  
the Fukuen Maru and when the  
passenger list was sent to the  
I.G.P. his name was left out, and  
when the Office was informed  
they later sent a supplementary  
list. His Worship then imposed  
the fine as stated above.

## The Daily Press

HONG KONG, JUNE 24, 1937.

### WORLD'S AIR GIRDLE

When the great gaps of ocean  
have been bridged by regular  
flying services an obvious impetus  
will have been given to the  
development of inland air trans-  
port; the airport which sees  
passengers land from their flying-  
boats in a new continent is a  
natural distributing point for  
aeroplane flying to inland centres  
and cities.

A fortnight ago there was the  
launching of the new mail and  
passenger service between Eng-  
land and South Africa, and the  
next and still more impressive  
adventure to be tackled is the  
arranging of regular transatlantic  
crossings by flying-boat between  
England and the United States.

Imperial Airways and Pan-  
American Airways are due to  
begin a joint experimental ser-  
vice over the southern Atlantic  
route almost immediately, and it  
is hoped that within the next  
twelve months it will not be only  
the airship that has a regular and  
dependable transatlantic service  
to its credit.

In the meantime Canadian air  
services are preparing to link  
up with the projected Atlantic cross-  
ings, thereby establishing addi-  
tional aerial highways between  
the east coast of the American  
continent and the Pacific Ocean.

A new air mail contract has  
been given by the Dominion  
Government to a company that  
is to operate a service, due to  
start at the beginning of next  
month, from Edmonton to the  
Yukon, according to air-mail  
aviation news.

There it will be  
possible to connect with the  
Alaska service of Pan-American  
Airways; and after that, given  
the Atlantic crossing on its  
swiftest terms and the trans-  
Canadian crossings as planned or  
operated, there is a brave vision  
of Shanghai brought within four  
days' flight of London.

The Atlantic crossing from  
England to New York by the  
Azores and Bermuda is the neces-  
sary base for all projected time-  
cutting exploits in that direction.  
It means nearly four thousand  
miles flying as against the three  
thousand of the Newfoundland  
route, but it also means better  
weather and at least two stop-  
ping-places.

Literally, civil aviation is flying  
ahead the world over.

### CAPT. G. S. POWER

Capt. G. S. O.N. Power, Officer  
Commanding, Hong Kong Signal  
Section, has been promoted to  
field rank with effect from June 6  
as notified in the London Gazette  
of June 8, published in our issue  
of yesterday.

### SNATCHER REMANDED

Leung Ng, aged 27, made his  
appearance before Mr. W. Scho-  
field at the Central Magistracy  
for matching a handbag contain-  
ing 33 cents from Heung Ying.

In outlining the case Inspector  
Hopkins stated that he was driv-  
ing his car along the junction of  
Toccochy Road and Jaffe Road  
when he saw the defendant run-  
ning with the bag in his hand, he  
then turned his car around and  
arrested the defendant who slip-  
ped on the watery road in Jaffe  
Road. His Worship remanded the  
case for 24 hours for further en-  
quiries.

### HUMAN EARS FROM CHINA

#### AMERICAN CUSTOMS IN A QUANDARY

The Department of Commerce of  
the United States has faced some  
difficult decisions in its history, but  
few have been more tiresome than  
that of the Chinese ears.

An Indianapolis firm which  
specializes in the technique of  
plastic surgery was anxious to im-  
port from China three pairs of  
human ears, in order to experi-  
ment with a new process develop-  
ed by a Chinese surgeon. The laws  
governing the entry into the United  
States of persons of Oriental race  
are extremely strict, and when  
news of the ears (which will be  
obtained by some means which  
have not been disclosed) reached  
San Francisco, the Collector of  
Customs there was in a quandary.  
Was it legal to import three pairs  
of Chinese ears with no Chinese  
attached thereto, and if they were  
allowed to enter what duty should  
be levied upon them? The Collector,  
who had no idea of how to classify  
these original items, turned helplessly  
to Washington for advice, and after a long interval  
the reply came back (via Indianapo-  
lis) that the ears were intended  
for legitimate scientific research.

Dr. Thomas Parran, Chief of the  
Bureau of Public Health, was then  
approached, and gave it as his  
opinion that the importation of the  
ears would not constitute a threat  
to the health of the nation. Next  
the Post Office Department was  
asked whether the ears might be  
posted to their destination, but the  
Department was firm. No ears  
should pass through the mails; the  
purchaser must devise his own  
method of transporting them from  
San Francisco to Indianapolis.  
Finally, the Department of Com-  
merce announced that, in spite of  
their best efforts, they had been  
unable to find any regulation for-  
bidding the import of ears, and  
had decided that they should en-  
ter the country free of duty. This  
glad news is now on its way to  
China.

There is a lurking suspicion,  
however, that the Department of  
Commerce and the other officials  
involved may be the victims of a  
hoax. Doctors say that there are  
plenty of ears in this country and  
that in any case there is no  
difference between American and  
Chinese ears.

### GERMAN LABOUR FRONT ABROAD

#### Record Of Social Service

Hamburg, June 23.  
Even before the law of Decem-  
ber 23, 1933, formally included Ger-  
man citizens engaged in business  
in foreign countries in the social  
service of the German Labour  
Front, this organization had  
endeavoured to include the Ger-  
mans living abroad in a social-  
political way.

The first annual report, just  
published, reveals that during the  
first year of its existence the or-  
ganisation paid out financial aid  
to the amount of about 250,000  
Marks of which 110,000 Marks was  
for cases of unemployment, 80,000  
for relief in cases of sickness and  
50,000 for assistance of various  
other kinds.

In 1,500 cases legal advice was  
given, annuities and other pay-  
ments due from foreign insurance  
companies were collected.

The great vacation organisation  
"Kraft durch Freude" arranged  
some 5,000 events for the benefit  
of Germans abroad, 140,000 Marks  
were raised for the furthering of  
occupational education.—

### TRIBUTE TO DR. WELLINGTON

(Continued from Page 1)

than many perhaps can claim to  
have done in twenty

Dr. Wellington came to us from  
Malaya in 1929 with a big reputa-  
tion and lost no time in laying  
the foundations of his schemes for  
reforming our health system. That  
those foundations were well and  
truly laid is sufficiently proved by  
the satisfaction with which this  
Council two months ago received  
his account of what has now been  
accomplished, printed as Sessional  
Paper No. 4 of 1937.

Gifted apparently with the  
secret of eternal youth Dr. Wel-  
lington was never one to brook  
opposition, but the whole Colony  
was delighted when he received in  
the New Year Honours of 1934 a  
decoration such as is rarely bestow-  
ed upon members of the  
Colonial Medical Service.

There would be something in-  
appropriate in wishing Dr. Wel-  
lington, even at the age of sixty,  
a "well-earned retirement" in the  
usual form. Instead, I am sure  
that this Council will join me in  
hoping that for him and Mrs.  
Wellington there will remain very  
many years of vigorous usefulness  
in some other sphere. (Applause)

#### SIR HENRY POLLOCK

The Hon. Sir Henry Pollock, I  
should like to endorse what Your  
Excellency has just said in regard  
to Dr. Wellington.

Sir Henry reminded the meeting  
that Dr. Wellington had always  
been keen in anti-malaria work,  
and he (the speaker) wished to  
stress that provision be made for  
this work in the new Budget.

### CHAOS IN RED FLEET

London, June 22.  
Discussing the "Leipzig Inci-  
dent," the "Evening Standard" sug-  
gests the possibility that the oc-  
currence was due to some over-  
zealous officer of the Red Fleet  
having exceeded his instructions.  
The paper declares that it is a  
well-known fact that absolute  
chaos prevails in the small Red  
Fleet, and recalls that this condi-  
tion once ended in a cook suddenly  
being promoted to the rank of  
captain.

"Under such circumstances," the  
paper concludes, "such persons are  
quite capable of conceiving it to  
be their duty to take advantage of  
every opportunity to show fight."

## JAPAN REVIEW

### The Three Principles

Since the formation of the Konoye Cabinet with Mr. Koki Hirota  
reinstated as Minister of Foreign Affairs, Chinese official circles are  
apprehensive that future Japanese foreign policy will follow a strong  
line of action.

Though the "three principles" which Mr. Hirota strongly  
advocated before his resignation did not meet with much success, it  
was his deep-rooted conviction that Japan must take a certain amount  
of risk in order to obtain a fundamental settlement of all outstand-  
ing differences.

### A Counter-Measure

An examination of the Chinese and Japanese principles shows  
that there is such a wide gap between the two views as not to justify  
any hope for an early settlement. That is the reason why a spokes-  
man of the Chinese Foreign Office said that the assumption of Mr.  
Hirota of the foreign portfolio will not help to improve Sino-Japanese  
relations.

### The Hirota Diplomacy

Much hope is raised in some Japanese quarters by the assumption  
of the Foreign portfolio by Mr. Hirota, for the future of Japan's  
foreign relations. It is generally interpreted that the alacrity with  
which the ex-Premier accepted a portfolio under Prince Konoe shows  
the extent of his enthusiasm over the improvement of the country's  
foreign relations and over the consummation of what is called the  
Hirota diplomacy. The keynote of the foreign policy which Mr.  
Hirota pursued as Foreign Minister in the Saito and the Okada  
Cabinets will be upheld, though he will be ready to make such  
sectional amendments as the changed situation may require.

Mr. Hirota has to his credit the conclusion of the Agreement for  
the transfer of the Chinese Eastern Railway from Soviet Russia to  
Manchukuo, and it is believed that the tenacity of purpose char-  
acteristic of the new Foreign Minister will stand him in good stead  
in finding solutions for the border, the fishery and other problems  
outstanding between Japan and Soviet Russia.

The Anglo-Japanese conversations which have been making  
favourable progress under the Hayashi Cabinet will, of course, be  
continued possibly with greater energy, by the new Foreign Minister,  
who has always upheld the motto of international accord.

### The New Premier

Prince Fumimaro Konoe, the newly appointed Premier, is un-  
usually tall for a Japanese, being just short of six feet, and is also  
exceptionally young (46) compared with his predecessors in the Pre-  
miership.

It is stated that although he was quite a sportsman in his  
younger days golf now constitutes his only interest in sport. During  
his Higher School days some 28 years ago he was an excellent first-  
baseman according to Mr. Masao Kume, the well-known novelist who  
was among the new Premier's class-mates, while the "Asahi" recalls  
that prior to his entry into the Higher School, Prince Konoe was a  
valuable asset to the track team of the Peers' School, as he excelled  
in both sprints and long-distance events.

The new Premier is said to have a considerable knowledge of  
music and is believed to have been instrumental in causing his  
younger brother, Viscount Hidemaro Konoe, the conductor, to turn  
his attention to music instead of taking up a naval career in which  
the latter was keenly interested in his younger days.

### Lottery Coupons For 1940 Exposition

For the purpose of attracting visitors to the International Ex-  
position to be held in Tokyo in 1940, entrance tickets accompanied  
by lottery coupons with a maximum prize of ¥3,000 will be put on  
sale in advance.

Admiral Godo, Minister of Commerce and Industry, explained  
the plan to the Cabinet Council, and it is learned that all Cabinet  
Ministers heartily approved of the scheme. The Commerce Ministry  
will introduce the necessary bill in the next extraordinary session of  
the Diet.

The entrance fee is fixed at ¥1 per capita. Advance tickets will  
be put on sale at ¥10 per packet of 12 tickets, with a lottery coupon.

### War Minister Interviewed

General Sugiyama, Minister for War, who has been in Kwansai  
and North Kyushu inspecting munitions factories, has returned to  
Tokyo.

In an interview the War Minister said that during his tour of  
Kwansai and Kyushu he was struck by the ardent desire of the people  
whom he saw to tide over the national crisis by national unity.  
He met with no trace of antagonism between the Army and the  
people, of which there was much talk in the last session of the Diet.

Referring to the present political situation, the War Minister  
said that the instability of the political situation reacts unfavourably  
on the country's foreign relations, as it is apt to invite foreign  
contempt for Japan.

### Loans To China

The advisability of re-investing in China loans by Japanese  
banks to that country immediately after their recovery as one means  
of facilitating the Sino-Japanese economic rapprochement was  
discussed at a round table conference of Government officials and  
bankers at the Foreign Office recently.

No definite decision was reached on the matter at the confer-  
ence, the only agreement being that they should study the matter  
again.

### Population Of Formosa

According to figures just made public by the Government-Gen-  
eral of Formosa, the total population of the island was 5,451,883 at  
the end of last year, an increase of 136,221 compared with a year  
ago. Of this total, 2,784,464 are men and 2,667,399 women. The  
Japanese population accounts for 282,012, against a native population  
of 5,169,871.

The populations of the principal cities are given as follows—  
Taihoku, 292,340; Tainan, 116,451; Takao, 54,017; Keelung 89-  
600; Kagi, 77,693; Tientsin, 74,839; Shichiku, 55,015; Shoka, 54,304.

# FOUR-POWER CONFERENCE COLLAPSE

## ITALY, GERMANY WITHDRAW FROM SEA CONTROL SCHEME

### Lack Of Solidarity In "Leipzig" Incident

#### NOTE TO FOREIGN OFFICE

BERLIN, June 23.  
A TENSE ATMOSPHERE PREVAILS NOT ONLY IN GERMAN POLITICAL AND GOVERNMENT CIRCLES BUT AMONG THE GENERAL PUBLIC IN VIEW OF THE SITUATION WHICH HAS ARISEN AS A RESULT OF THE FAILURE OF THE LONDON FOUR-POWER CONFERENCE TO COME TO AN AGREEMENT.

The square in front of the Reich Chancellery in which a cabinet meeting is now in progress is filled with an excited group and the opinion now prevails that a decision of fundamental importance will be forthcoming.

It is declared in political circles that the Government statement will probably be published in the course of the afternoon indicating the path that Germany proposes to take as a result of the collapse of the plan for collaboration between the four powers engaged in the sea control.

The question of whether Germany will take steps on her own initiative to remedy the situation which has arisen in Spanish waters or whether she will withdraw entirely from the present non-intervention system will certainly be decided and on the basis of the recent trend of public opinion as was evidenced in the German press it is regarded as highly probable in political circles that the German Government will decide that it can no longer abide by the present policy and system of non-intervention.

#### NEVER OPPOSED BRITISH PROPOSAL

Berlin, June 23.  
Reviewing the events in the London Four-Power Conference which led up to the German withdrawal from the control plan, it is pointed out that the British proposal that an investigation of the "Leipzig" incident be carried out, but merely demanded that an immediate collective measure in the form of a common naval demonstration be carried out before Valencia. The attitude of both England and France that evidence from Valencia should be first considered is declared to be completely incomprehensible in view of the role played by Valencia leaders in the past, especially in connection with the "Deutschland" bombing.

Transocean News Service.

#### GERMANY'S NOTE

London, June 23.  
The German Ambassador, Herr von Ribbentrop, handed in at the British Foreign Office the following note to-day: "Upon learning of the attacks on the cruiser 'Leipzig' on June 15 and 18, the German Government immediately informed the Powers engaged in the Spanish sea control scheme that the German Government does not intend that its seacraft, which is entrusted with the international mission shall continue to be used as targets by Red Spain. The German Government limited its demands for guarantees of security for German ships to the minimum asking only that the four powers engage in a naval demonstration as a means of giving expression and solidarity for the purposes of mutual defence. Since the British and French Governments are not willing to agree even to this minimum demand, the German Government is forced to realise with regret that the spirit of solidarity which is essential for carrying out the common international mission is lacking among the four Powers. The German Government has therefore decided to withdraw completely from the control scheme."

Transocean News Service.

#### GERMAN ATTITUDE

Berlin, June 23.  
The German attitude towards the entire general situation occasioned by the collapse of the Four-Power conference plan and Germany's withdrawal from the control scheme is summed up in an unusually inspired article in the "Deutsche Diplomatische Politische Korrespondenz".  
It need not be asserted—declares the paper—that lack of solidarity in the "Leipzig" incident has seriously shaken German confidence when it is called upon in open and impartial collaboration of the collective machinery to operate in Germany's favour.  
Germany is certainly disappointed but is not especially surprised as the events of after war years have revealed clearly enough that the world is still lacking in that degree of loyalty which is necessary in judging events in international life with complete impartiality.  
"It is thus natural that Germany should draw obvious conclusions from the attitude of the Powers with whom she wished to engage in mutual co-operation."  
The interest of the German Government in the rapid termination of the Spanish conflict and especially in preventing it from developing into a general European war remain undiminished and for this reason Germany, like Italy, will not carry the decisions made necessary by present state of affairs with consciousness, responsibility and in keeping with the dignity of the two nations."

#### Germany And Italy Withdraw

London, June 23.  
It is announced that Germany has notified her final withdrawal from the Non-Intervention Committee.  
Italy has also withdrawn from the Committee.

Reuter.

#### FREE TO ACT

London, June 23.  
Germany's withdrawal from the four-power patrol scheme of the Non-Intervention Committee now leaves her free to take whatever action she deems fit as a reprisal for alleged interference of her warships in Spanish waters but it is understood that Germany does not contemplate repeating action similarly taken at Almeria nor a blockade of Spanish ports.

Reuter's Bulletin Service.

#### REMAIN MEMBERS OF AGREEMENT

London, June 23.  
Germany and Italy have withdrawn finally from the non-intervention naval control scheme but hitherto remain members of the Non-Intervention Committee and the Non-Intervention Agreement.

The German note to the Foreign Office intimating her withdrawal refers to the alleged "Leipzig" incident and says the Reich is not willing to expose the naval forces entrusted with the international task to further target practice by Red Spain and the Anglo-French Governments are unwilling to agree to a minimum request for a joint naval demonstration.

Reuter.

#### GERMAN CLAIM

Berlin, June 22.  
An official statement says the presence of two Spanish submarines in the neighbourhood of the Leipzig on the day the attack against the German warship was carried out has been proved.

It adds that the Spanish assertion that there were no Government submarines at sea at the time of the attack has been disproved by the fact that two such craft on June 16 bombarded the Spanish insurgent positions on the coast near Calahonda, east of Malaga.

The attacks on the Leipzig occurred on June 15 and June 18 in the neighbourhood of Oran, which is half a day's steaming from Calahonda.

## FIRM EXTERNAL POLICY BY JAPAN GOVERNMENT

### Hirota Cabinet Prediction

Shanghai, June 23.

The new Japanese Government, with the Foreign Affairs Portfolio occupied by Mr. Koki Hirota, will initiate a somewhat stronger and more positive external policy than that exercised by the Hayashi Cabinet, Mr. David H. Poper predicts in the monthly bulletin of the Foreign Policy Association published in New York.

He declares that Japan's political crisis subsided almost immediately when Prince Fumimaro Konoye succeeded General Senjuro Hayashi and that the dangerous atmosphere was cleared when the Premier fell between two stools, the liberals and the semi-Fascist reactionaries, Mr. Poper characterizes the new Premier as a prominent figure who carefully steered the middle course, which was acceptable to both the reactionaries and the liberals.

Prince Konoye is generally believed in Japan to have enough power to overcome all difficulties and also he cannot fail to introduce, with the approval of the army, some new semi-Fascist reforms, although these will be doubtless effected at a sufficiently slow pace to avoid serious opposition from conservative business circles and politicians, the writer says.

"The compromise Government apparently will be continued under a military and bureaucratic coalition, headed by the Premier who is enjoying great prestige," the article concludes.

Union News.

#### FUTURE HOPEFUL

Nanking, June 23.  
Mr. Shigeru Kawagoe, Japanese Ambassador to China, will arrive at Shanghai on June 29 aboard the N.Y.K. liner Asama Maru. He will come to the capital to continue negotiations for a solution of Sino-Japanese outstanding issues.

## HOLLAND'S NEW CABINET ANNOUNCED

The Hague, June 23.  
Following negotiations lasting several weeks, the Premier, Dr. Colijn, has announced the list of the new Cabinet which includes representatives of all three confessional parties of Holland.

The new Government is as follows:—Premier, Minister for General Affairs and temporary Foreign Minister, Dr. Colijn; Minister of Interior, Van Boeljen;

Dr. Colijn

Minister of Finance, De Welde; Minister of Transportation, Dr. Van Buren; Minister of Labour, Prof. Romme; Minister of Economics, Sternbergh; Minister of Defence, Van Dyk; Minister of Education, Sloetmaker de Bruijne; Minister of Justice, Dr. Goseling; Minister for Colonies, Dr. Weiler.  
It is thus obvious that Dr. Colijn has relinquished his original plans to form a Cabinet of liberals and democrats and has formed a so-called Confessional Right-Wing Government demanded by the Roman Catholic State Party.

#### CONFISCATION OF SHIPS

Berlin, June 22.  
The confiscation of merchantmen the blockade of harbours and naval demonstrations are suggested in authoritative quarters here as penalties for Spanish attempts to damage patrol vessels, a Government spokesman, told Reuter to-day.

He added that the attack on the Deutschland has made us sensitive. We regret that our indignation about the Leipzig was not taken as seriously as it ought to be. The Reds must be made to understand that they will not only be punished for a repetition of such incidents, but that their military position will be effectively weakened.

## LORD ROTHERMERE ON MANDATES

London, June 23.  
"A trustee who takes advantage of his trust, and tries to get it recognised as his own property can hardly expect to win the approval of honest men," is what Lord Rothermere in the "Daily Mail" says in connection with the mandates on former German Colonies. He states that by a Commission set up in 1917 under the chairmanship of the present Minister of Colonies, Mr. Ormsby-Gore, defined the term of "mandate" as not proprietary, but in the sense of trustee only. The mandates, the writer states, can thus not be regarded as British property, as Britain may not profit by them nor make them their market.

Berlin, June 23.  
The German Lufthansa have just celebrated their 250th scheduled airmail flight over the South Atlantic.  
The first regular plane left Stuttgart on February 3rd, 1934. It took five days to cover the 8,750 miles to Buenos Aires. Little over a year later the flying time was reduced by 24 hours, and to-day the planes only take 34 days for the flight.

There is now a twice-weekly flight, but in spite of the frequent flights, the mail carried has increased seven times since the service began.

## SMUGGLED GOODS BOYCOTTED

Shanghai, June 23.  
The rapid growth of the movement to boycott smuggled goods is causing concern in Japanese circles, where it is feared that the flow of Japanese products legitimately imported into China may be affected.

Charges that the movement is a camouflage for the revival of the anti-Japanese boycott have appeared in a section of the Japanese press in Shanghai.

Ignoring the Japanese resentment, Chinese public bodies in Shanghai and other cities are proceeding with their plans to push their drive against contraband goods, most of which are alleged to be of Japanese origin.

Preparations have been completed for a mammoth meeting in Shanghai, at which the participants will swear not to buy, sell or otherwise deal in contraband goods.

## JOE LOUIS THE NEW WORLD CHAMPION

### Braddock Knocked-Out In Eighth Round

Chicago, June 23. Joe Louis won the world's heavyweight championship last night when he knocked out James Braddock, the holder, in the eighth round of a terrific battle in which both men took heavy punishment.

Braddock began as though he would batter Louis into submission in quick time. He floored Louis in the first round with a hook to the chin, but the Brown Bomber was up again in a moment.

It is estimated that over 55,000 spectators paid \$750,000 to see the fight. The odds on Louis winning dropped sharply following a spate of money for Braddock, strong support which received every encouragement in the early rounds of which Braddock won the first, fourth and fifth with plenty of margin.

Louis won the second and third with some impressive hitting.

#### CHAMPION SCORES

In the first round, Braddock opened with a right swing which Louis took on the chin. Louis retaliated; there was sparring for an opening, a sharp exchange of blows, and Louis was down. He had taken a hard right to the chin, but was up again without hesitation.

In the second, after Braddock and Louis had exchanged blows to the head, Braddock worked inside and pummeled the negro's mid-section heavily, but Louis forced the fight to his opponent afterwards and landed three hard rights to the head in succession.

#### SHARP EXCHANGES

The third saw a tense battle in progress, with Louis concentrated on jabs and short lefts, while Braddock scored with nicely timed right uppercuts.

In the fourth, Braddock took up the offensive, forcing the fight throughout and punishing Louis heavily, although the Bomber did not let him have matters all his own way.

Braddock also dominated the fifth round. He caused Louis's nose to bleed with a left jab and again landed a nasty right to the nose.

#### LOUIS DRAWS BLOOD

In the sixth round, after an exchange of heavy punches, Louis opened a cut over Braddock's left eye, with two well-aimed rights. Braddock's face was covered with blood.

Roused by his previous punishment, Braddock, in the seventh round, tore into Louis with a fierce attack, but his lip was cut and bleeding badly as the result of sharp hitting and he seemed to lose his sense of distance. Louis took control and damaged Braddock with straight blows to the head, the champion's face becoming an open target when he attempted to cover up.

#### THE KNOCK-OUT

Louis grew in confidence and was unhurt about the "kill." He bided his time in the eighth round,

Joe Louis

put in heavy lefts to Braddock's stomach, and then swung a left and two stinging rights to Braddock's head which sent Braddock to the board completely out.

The round lasted 1 minute and 10 seconds. Braddock was carried to his corner unconscious.

There was a quarter of a pound difference in weight between the men. Braddock weighed in at 14 st. 1 lb. and Louis at 14 st. 1 lb.

#### FIGHT NOT RECOGNISED

London, June 22. The White City authorities have announced that Tommy Farr, the Welsh heavyweight, will fight Max Schmeling, the German, ex-champion of the world, in August or September. Farr recently knocked out Germany's second best fighter, Walter Neusel, in the third round of a fight in Harringway Arena.

The Farr-Schmeling bout will be for the world's championship, it is stated. The Louis-Braddock bout is not recognised as a title fight by the White City.

The announcement of the Farr-Schmeling fight contradicts the previous report from New York that the winner of the Braddock-Louis engagement to-night would meet Farr in London in July.

The White City promoters contend that a clash between Farr and Schmeling, logical world champion, should be recognised as a title bout. They are requesting the American authorities to recognise this fact, especially in view of the doubt whether the Louis-Braddock fight will get such recognition by New York.

It is estimated that one-fifth of the attendance were negroes.

#### KOWLOON ROBBERY SEQUEL

Shu Hwan-wen, 27, unemployed, appeared on remand before Mr. K. M. A. Barnett at the Kowloon Police Court yesterday on two charges of larceny and receiving two cups, stolen from No. 141, Waterloo Road, residence of Mr. A. W. Ramsey, on June 16. Two further charges of a similar nature were also preferred against him.

Ho Yan, 47, of a silver smith shop, at No. 79, Temple Street, who had pleaded guilty to the charge of receiving stolen articles, denied the three additional charges of receiving on various days of this month, which were preferred against him yesterday. The total value of the articles, being two silver cups, a silver cigarette box, two vases and four other silver cups was \$70.

Mr. M. A. de Silva appeared on behalf of second defendant, and requested for a week's remand which was granted by his Worship. Det-Sergeant MacPherson prosecuted.

## ANNIVERSARY OF SYDNEY

### FESTIVAL CRICKET

#### Australia's Team For England

Teams led by Don Bradman and Stan McCabe will provide the main cricket attraction at the Sydney Ground during the 150th anniversary celebrations next year.

The match will be played from February 18 to 22, next year.

That decision was reached at a meeting of the N.S.W. Cricket Association when it was announced that the Government had given the association a guarantee against loss over the match. It was suggested that Bradman's team should comprise leading Australian colts, but that matter was left to the executive for decision.

It was announced that the Australian team to tour England next year would be chosen at the conclusion of the N.S. Wales v. Victoria match in Sydney from January 21 to 25. A request from the Victorian Cricket Association that play in the Melbourne match against N.S. Wales should be allowed on Christmas Day, was left to the executive for a decision.

It was suggested by the Victorian Association that play on Christmas Day should begin at 1 p.m., but not later than 2 p.m., and it was stated that the Churches had been approached, and had offered no objection to the proposal.

#### MUDGE FOR LEICESTER

Harold Mudge was granted permission to qualify for Leicestershire County Cricket Club as from May 1, 1937. It was agreed to support the South Australian proposal for a testimonial match to Charlie Grimmett and Vic Richardson, at Adelaide, from November 26 to 30.

November 5-9 Queensland v. S. Australia, Brisbane; 12-16, N.S.W. v. S. Australia, Sydney; 19-23, Victoria v. S. Australia, Melbourne. December 17-21, S. Australia v. N.S.W., Adelaide; 17-21, Victoria v. Queensland, Melbourne; 24-28, S. Australia v. Queensland, Adelaide; 24-28, Victoria v. N.S.W., Melbourne.

January 1-5, N.S.W. v. Queensland, Sydney; 14-18, Queensland v. Victoria, Brisbane; 21-25, N.S.W. v. Victoria, Sydney.

February 4-8, Queensland v. N.S.W., Brisbane; 4-8, S. Australia v. Victoria, Adelaide.

#### GORDON BENNETT RACE

Berlin, June 22.

The first landings are reported in the Gordon Bennett Race, which started on Sunday in Brussels.

The German balloon "Chamitz" which landed near Prague covered a distance of 800 kilometres. The Polish balloon "Lopp" winner of the two last races, and the Swiss Balloon "Zuerich II" landed in Poland after having covered some 800 kilometres.

The "Zuerich" drifted into a strong thunderstorm over Stuttgart, which made it rise 5,000 metres high in a few seconds, when the inmates experienced a sudden fall of temperature of 13 centigrades, but the dramatic flight ended without mishap.

Why do the M.C.C. fail to give a definite ruling that wickets shall not be over-prepared? Let us remember that Bowes was out of the Yorkshire team when over 1000 runs were scored against them in two games at Birmingham and Sheffield recently for the fall of less than twenty wickets, and that they also scored almost as many.

THE BISHOP OF  
LONDONTask Before Coming  
Resignation

The Spring Session of the Lon-  
don Diocesan Conference opened  
recently at the Central Hall, West-  
minster.

The Bishop of London (Dr. Win-  
nington-Ingram), who presided,  
said that in the natural course of  
events it would not be so very long  
before he would hand over the  
diocese to younger hands, certainly  
not later than 1939, when he would  
have finished 50 years of work in  
London and 38 as Bishop of Lon-  
don. It was not that he was, at  
all tired of the work; indeed, he  
loved it more every year. It was  
not that he was failing, thank God,  
in physical or mental vigour, but  
simply that it was only fair for  
an old man to make way for a  
younger man, and also probably  
better for the diocese to have a  
change. Therefore, with only a  
year or two at the most to look  
forward to, he was most anxious  
to get them to help him to be  
able to hand over the diocese in  
thorough working order.

He would certainly leave a  
diocese at peace within itself, but  
that was not enough. It must be  
a diocese thoroughly and efficient-  
ly staffed from end to end, and  
with an adequate supply of  
clergies for its vastly increased  
population. He knew he would  
not be able to build all the  
churches, but now that All Hallows,  
Lombard Street, had been handed  
over to them, when they had satis-  
fied the claims of other dioceses,  
they ought to be able to build  
several in the next year or two.  
The sites were already secured, the  
preliminary work had been done  
in district after district, the peo-  
ple were eager for their church,  
and it was not too much to hope  
that, if they all pulled together,  
they would make an end of what  
was always in his mind—that 50  
out of 100 children in the new dis-  
tricts did not know what happened  
on Good Friday.

## LONELY CLERGY

But churches by themselves were  
not enough. It went to his heart  
to send those young men by them-  
selves, one by one, on to these new  
districts with 10,000 people. They  
must have a colleague, and that  
was why he was using all the in-  
fluence he could before he left the  
diocese, to set upon its legs the  
new organization called "The  
Friends of London." If he could  
hand over to his successor £10,000  
a year in new money from the  
Friends of London they would have  
an end of that disheartening pro-  
posal, which had to be made this  
year, to cut down the grants of  
the poorer clergy by £4,000. He  
offered the Archbishop of Canter-  
bury to resign at once, if he  
thought it best for the Church at  
large, but the Archbishop thought  
it was natural and right that the  
plan he (the Bishop) had outlined  
should be followed.

All he had said was quite in-  
dependent of the division of the  
diocese. That might be right or  
wrong; but no one could think  
that London as it was, with per-  
haps £100,000,000 spent on the  
Coronation, ought not to be able  
to find £80,000 a year for the  
Church in the heart of the Empire  
from which every other Church in  
every part of the Empire had light-  
ed its fires.

It had been with no light heart  
that he had spoken of his sever-  
ance from the diocese. When it  
actually came, it would be almost  
like cutting off his right hand, but  
they would be able to find some-  
one who would carry it on better,  
and, if they stuck to him for the  
next two years as they had done  
in the past, he would certainly  
carry away with him when he did  
depart an undying gratitude for  
the love and loyalty they had  
shown him through their many  
years of work together.

## "OUR BEST FRIEND"

The Bishop of Willesden (the  
Right Rev. Guy Vernon Smith)  
said he knew how deeply they had  
all been moved by the Bishop's  
words. The undaunted courage,  
the unforgotten love, the undimmed  
vision with which he had led the  
Church in London would be a con-  
stant inspiration to every one of  
them. There were whole hosts of  
them everywhere who knew that  
the Bishop was the best friend they  
had ever had. They would all do  
their utmost to serve him to the  
best of their power.

FUTURE PROBLEMS OF  
THE COLONIESLord Lugard On Native  
And European

Lord Lugard spoke on future  
problems of British colonial policy  
in his presidential address at the  
first meeting of the Colonial Em-  
pire Union, held recently at Over-  
seas House, St. James's, states the  
"Times."

Mr. Ormsby-Gore, Secretary of  
State for the Colonies, wrote ex-  
pressing his disappointment at be-  
ing unable to be present, adding:

"I desire to assure all those pre-  
sent that I heartily welcome the  
objects which this union is de-  
signed to promote, especially the aim  
of affording those of the younger  
generation who are contemplating or  
have actually begun a career in  
some part of our great colonial  
Empire an opportunity of appre-  
ciating and discussing with those  
who have already experienced  
them the wide and complex prob-  
lems with which our administra-  
tors are confronted. I wish the  
union all prosperity and success."

Lord Lugard said that the union  
was the first and only body to de-  
voted its activities entirely to the  
non-self-governing territories.  
Membership was open to every one  
interested in the colonial Empire  
without distinction of race, colour,  
or creed. It hoped to work in co-  
operation with all other Em-  
pire societies.

## MEANINGLESS RULES

In spite of the practical consen-  
sus of opinion that parliamentary  
forms of government were unsuit-  
able for Asiatic or African races, we still  
continued to perpetuate its ver-  
sion in Legislative Councils,  
where its essential features were  
absent. So, too, in the adminis-  
tration of judicial formalities which  
to the ignorant Africans were  
wholly mysterious and meaningless,  
and to the sophisticated offered  
abundant opportunity for malprac-  
tice. Many tribes, though back-  
ward, were intelligent, and prac-  
tically all were eager for educa-  
tion. Individuals took degrees in  
British Universities, and felt them-

selves fitted to fill posts held by  
Europeans. They aspired to seats  
on the Legislative Councils, but  
they were not true representatives  
of their people, from whom they  
had become detached in thought  
and outlook. It was only to be  
expected that they would become  
mouthpieces of grievances—real or  
imaginary. How could groups so  
widely divergent as native Africans  
and British settlers, and whose  
economic interests might even be  
in competition, pull in double har-  
ness together?

## INFLUENTIAL SUPPORT

The only permanent solution, as  
it seemed to him, equally in the  
interests of both, was to give each  
what they were justified in asking  
for—the opportunity to climb the  
constitutional ladder without be-  
ing retarded by the other.

The proposal that the Secretary  
of State should have an Advisory  
Colonial Council (or several coun-  
cils) of so-called experts to advise  
on long-range policies and to  
plan development seemed to  
have found some support in  
influential quarters, and he  
imagined it was likely to be  
debated at some meeting of that  
union. His view was that it would  
be an unrivalled irritant to the  
Secretary of State on the one hand,  
and to the local government on the  
other. On the other hand, he  
thought that a Standing Commit-  
tee of both Houses of Parliament—  
such as that for India—would be  
of value. Its function would not  
be to give advice or to interfere in  
any way with the normal working  
of the Colonial Office machinery,  
but it would exist to learn at first  
hand from those who could speak  
with knowledge, so that the Em-  
pire's legislators could be well in-  
formed on any subject debated in  
either House, since Parliament was  
ultimately responsible for the ad-  
ministration of the Colonial Em-  
pire.

NEW ATLANTIC  
'PLANE TESTED

A test flight was made recently  
from Hatfield Aerodrome by the  
de Havilland Albatross, the new  
landplane designed for experimen-  
tal operation across the Atlantic.

Cardinal features are monoplane  
design, with external lines resem-  
bling on a much larger scale those  
of the de Havilland Comet, which  
won the England-Australia air  
race, four engines, retractable  
under-carriage and twin rudders.  
The engines are the new 12-  
cylinder Gipsyking type, mounted  
in the wings, and drive variable-  
pitch airscrews. Mr. Bob Wright  
was the pilot, and the machine  
seemed to behave satisfactorily.

The new aeroplane has a speed  
of about 240 m.p.h. and with ap-  
propriate load conditions it should  
be able to fly 3,000 miles non-  
stop.

The Albatross is the second type  
of machine intended for the ex-  
perimental service across the At-  
lantic. The first type is the Em-  
pire flying-boat. The third will  
be the Mayo Composite aircraft,  
which has yet to be tested, and  
the fourth type may be some form  
of catapulted or "accelerated" air-  
craft. Refuelling in the air may  
also be tried.

HIGHLAND AIR  
SERVICES

Although Sir Harold Bartley did  
not specifically mention the High-  
lands when discussing projected  
developments of railway air ser-  
vices, I understand that further  
experimental flights are likely to  
be made in the summer between  
Glasgow and Inverness to assess  
the possibilities of this route. A  
Home correspondent writes. Tests  
made over the Grampians last  
year were somewhat disappointing,  
and showed that an all-weather  
service with the machines then in  
use might not be practicable,  
largely owing to the difficult weath-  
er conditions experienced. New  
types of craft will be used for the  
forthcoming tests, but, whatever  
the results, I gather that a service  
between London and the High-  
lands will not be in operation this  
year.

## THE MORTGAGE OUTLOOK

Perhaps the most important of all the subjects with which Sir Harold Bellman, Chairman of the Building Societies' Association, dealt in the course of his address at the annual conference at Brighton was the outlook for mortgage business, the chief factor in the activities of the building societies, now one of the most important groups of British financial institutions. Sir Harold Bellman considered that trade recovery had reached an advanced phase and that with the increasing demands on available capital and new savings long-term interest rates were already hardening discernibly. He urged a close watch upon any disproportion between short-term rates which influenced the return on a considerable proportion of their mortgages, and long-term rates, which affected the terms upon which the Societies secured their funds from the investor.

He thought they were now in a state of transition from the recent tremendous house-building activity and a new equilibrium level, though Sir Harold added that house-building by private enterprise was still likely to be on a considerable scale for some time. Sir Harold Bellman emphasized the demand for housing modernization and improvement and thought there were large outlets for their funds in a necessary task of social salvage. Taking a wide view therefore, the Chairman of the Association anticipated a considerable demand for their funds for some time to come and he urged the Societies to take any opportunity to secure a suitable degree of liquidity. Sir Harold bid farewell to the Association as Chairman, though he hoped to serve in some less exalted capacity.
